- None (we did well this Sprint)

Actions to Keep Doing

- The team should continue working towards completing the tasks by their scheduled date
- The team should continue to stay active in the communication channels
- The team should continue sharing their ideas openly with the rest of the team
- The team should continue working collaboratively when we run into difficult problems
- The team should continue doing code walkthroughs
- Keep the SCRUM board updated at every meeting
- Break down certain user stories into smaller tasks and make sure the tasks covers what every team members are doing.
- Not showing up to meetings late

Work Completed

- ✓ As a player, I want to play Ultimate Tic Tac Toe so that there is a more challenging option for gameplay other than 3D and Order vs Chaos
- ✓ As a player, I want more selection in themes for the board and pieces so that there is more customization to unlock.
- ✓ As a player, I want to be able to play order and chaos with a friend via a network so that I challenge my friends
- ✓ As a player, I want to be able to play 3D Tic Tac Toe with a friend via a network so that I challenge my friends
- ✓ As a player, I would like there to be AI for some of the games so that I can practice and learn how to play the game
- ✓ As a developer, I want the site to be implemented with Angular.js so that it is easier to maintain

Work Not Completed

- ✗ As a player, I want there to be sound effects in response to my actions in Tic Tac Toe so that the gameplay is more engaging

- ✖ As a player, I want to have a currency system so that I can reward myself with cosmetic items for doing well
